PREFACE

IN presenting the **Fifty-Sixth Annual Edition of the City of Hamilton Directory,** we thank the business men and patrons in general, for the liberal and enthusiastic support they have given us.

The number of names in the Alphabetical Section is 65,055. Wives' names approximate 27,077, making a total of 92,132 names in this section of the Directory. The number of residents, firms, offices, buildings, halls, and institutions shown in the Street Directory is approximately 40,000.

The actual number of names of individuals exclusive of wives in the Alphabetical section is 61,800 which multiplied by the usual multiple of 2½ gives a population of 154,500 for Hamilton and the adjacent territory.

As both the Eastern and Western sections of the Mountain have been annexed this year, our estimate of the population of Hamilton is 151,450 an increase of 12,321 over last year, of which amount about 5,000 has been the gain in Hamilton's Population exclusive of the annexed Mountain Districts. From our estimate of 154,500 we have deducted 3050 to account for the residents of West Hamilton and those living in territory surrounding Hamilton but working in the City.

Small outside, but large within!

Imagine any refrigerator only 4 feet 7 inches high, 24¼ inches wide, and 22⅛ inches deep, containing 6¾ square feet of shelf area and 5 cubic feet of storage capacity!

This is true of the new Copeland N-5, and in addition you can make 108 ice cubes at one quick freezing!

Then there is the staunchness, quietness, economy and dependability of the famous Copeland power plant—plus many appreciated features of design, construction and sanitation.

Come in and inspect this compact, efficient, low-cost refrigerator. Only $265 Installed. Yours for a few dollars down and the balance at a few dollars each month!
